INTERNATIONAL CONFERENCE

OPERA 2026

Orthogonal Polynomials, Exponential Analysis, Rational Approximation, with applications

22–26 June 2026 • University of Stirling, Scotland, UK

Topics include but are not limited to: integration, multiresolution, subdivision, refinability and structured matrices.

PLENARY SPEAKERS

Bernhard Beckermann, Lille, France

Stefano De Marchi, Padua, Italy

Stefan Güttel, Manchester, UK

Miguel Piñar, Granada, Spain

Gerlind Plonka-Hoch, Göttingen, Germany

This project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement No 101008231

On the occasion of Annie Cuyt's 70th birthday
